LA robe China Scenes featuring paintings from Lorette Roberts, for LifeStyle New York.

Lazy Seafood

I have always loved sketching places I have visited. Such pictures are much more evocative and personal for me than a photo or a diary – and looking at them brings it back vividly.

I am drawn to the Peak Tram because it has been running for many years. So I wanted to sketch this image because it captures the old and new Hong Kong with the Peak Tram as a timeless link.
